Doc-75947

Reference is made to my previous communication dated May 3, 1961, concerning this matter.

During October, 1961, a confidential source abroad advised that according to the source Walter Kessel or Kessel would probably come to the United States in the near future and would see Van Braun.

In the event any information concerning a visit by Kessel to the United States comes to the recipients' attention, we would appreciate being advised.
